# H. E. W. Grants $197,000 To Sups For L. G. Sewers

## To Save District $36,000 A Year

Supervisor David W. Bird has been notified by Senator Clair Engle that the U.S. Department of Health, Education, and Welfare has made a grant in the amount of $197,360 to the Lemon Grove Sanitation District as a participating agency in the San Diego Metropolitan Sewerage System. The grant is the result of an application made by the Board of Supervisors under Public Law 660.

The funds will be paid directly to the City of San Diego to be credited to the Lemon Grove Sanitation District. The result will be a substantial decrease in the amount of the yearly charge to be paid by L.G. Sanitation District to the City of San Diego.

Under terms of the contract entered into by the Board of Supervisors for the L.G. Sanitation District with the City of San Diego, a capacity of 2,800,000 gallons per day is the capacity reserved in the Metropolitan Sewerage System for the Lemon Grove Sanitation District.

There are two parts to the contract: One is an annual payment by Lemon Grove Sanitation District to secure these capacity rights and the second is an annual payment for maintenance and operation for the actual amount of sewage delivered by L.G. Sanitation District to the Metropolitan Sewerage System. Under the new contract, this latter annual charge will be very greatly reduced.

The existing contract with the City of San Diego, which has been in effect since the sanitation district was formed 16 years ago, is on the basis of $108 per million gallon for treatment and disposal of the sewage. During the last year, the district paid the City of San Diego under its existing contract approximately $50,000.

The grant from the Federal Government will result in the reduction of the yearly capacity charge for L.G. Sanitation District from $33,400 to approximately $23,000, or a reduction of $10,400 per year.

When the new agreement goes into effect at the time the Metropolitan Sewerage System is in operation, charges for the L.G. Sanitation District under this new contract will be on the same basis as to the various cities participating in the Metropolitan Sewerage System and will be approximately as follows:

| | |
|---|---|
| Yearly capacity charge | $23,000 |
| Metropolitan Maintenance & Operation | 13,000 |
| Total | $36,000 |

This will result in a savings of at least $14,000 a year to L.G. The amount of the savings will increase as greater capacity is used by L.G. because of the very considerable reduction in maintenance and operation rates secured under this new contract.

## Baby Of Week Contest Continues Here

**CLINGINGSMITHS WIN — The third winner of the local Baby of the Week contest happily collected the prizes she won from 32 merchants. Mrs. David Clingingsmith and daughter Judy Lynn, 6 months, of 7070 Broadway in Lemon Grove, sit on floor surrounded by gifts. The prizes include things for Judy Lynn and also items for mama and papa.**

The Baby of the Week contest has at least four more weeks to run. Entrants in the contest are eligible to win until the contest ends regardless of when they enter. (See advertisement elsewhere in this newspaper about how to enter the contest).

Every week all participating merchants give prizes to the winner.

**The Baby of the Week contest offers a chance at $50 and $150 cash bonuses. A bonus of $50 will be given to the winner if a new paid subscription to the Lemon Grove Review or Spring Valley Bulletin is taken out when the contest is entered.**

**A bonus of $150 will be awarded the winner if two paid subscriptions are taken out.**

Whether the baby is chosen winner or not, parents will be given a 5 x 7 picture of the baby without charge or obligation. Entry blanks are to be taken to the Memory Lane Photo Studio in the Grove Theatre Building, 3471 Imperial ave., L.G. The picture of the winner is published in this newspaper.

Memory Lane Photo Studio is open Thursdays from 10 a.m. to 5 p.m.; Fridays from 10 a.m. to 9 p.m., Saturdays from 10 a.m. to 5 p.m., and Sundays from 11 a.m. to 3 p.m.

**FOURTH WINNER — Fourth Baby of the Week winner was Jeffrey James Cowell, 3½ months, son of Mr. and Mrs. William L. Cowell of 7507 Mt. Vernon st., Lemon Grove. Said Mrs. Cowell: "The free 5 x 7 photo of Jeffrey we received when we entered the contest made us happy enough. I just couldn't believe it when we won." The Cowells will get their prizes this week.**

## Planning Commission OK's 2nd College Site

The Grossmont Junior College District, also known as the Grossmont High School District, got the county Planning Commission's approval last week for a second site.

This is the 128.5-acre site proposed for purchase on the Monte Vista Ranch, east of Casa de Oro. The district intends to build its first campus on a 133-acre site in Fletcher Hills.

The sites will be purchased and the $7½ million Fletcher Hills project will be built if an $8 million bond issue, on the June 5 ballot, passes. $500,000 will be used to purchase the Monte Vista property.

A similar issue was not passed at an election last October. The board of trustees were split 3-2 on the amount of money at issue. Two, R. Brown and R. Dryden, wanted a lesser amount spent.

## L.G.-BWL TO ELECT

An election of officers will be held by the L.G. Business Women's League as the 14th year of activity of the club comes to a close.

The election, scheduled as a dinner meeting, will be held at Michael's at 7 p.m. on April 5.

The group plans to keep active in various projects aimed at helping the local business community.

Mrs. Fred Scheneman, retiring president, will conduct the election meeting. Jesse Lee, operator of the L.G. Travel Agency, will provide a program. Mrs. Harry Wilson is program chairman.

### War Against Litter Being Won

**A letter, through the local area law enforcement people, came to this desk regarding the appearance of Broadway. An anonymous writer complained that the street was covered with trash. The writer had clipped to the letter a newspaper story about the kick-off of a War Against Litter campaign.**

Unsigned letters are seldom used and we won't quote this one. However, so perfect an answer is now possible that we can't resist offering it.

**Broadway business firms, even as the letter was being written earlier this month, decided to embark upon a clean-up program in the L. G. main business section. A professional street sweeper with a huge and expensive sweeping machine, now plies the streets regularly and the street looks good.**

Sheriff A. E. Jansen, who has pledged his support to a county wide Anti-Litter campaign said that he had instructed his deputies to enforce the various county ordinances and the Calif. Motor Vehicle code in regard to highway littering when they see any violations anywhere in the county.

**All of this bodes well to present a cleaner facade throughout the area.**

### Stricter Laws For Juveniles

**Last week we talked to a mother whose teen-age son had run afoul of the law in Lemon Grove. The sheriff's dept. had picked the youth up after he became involved in a fracas at a local drive-in restaurant.**

The mother had our sympathy because we had known the family for a long time - another son, several years older than the youth with the problem, had worked for us as a clean-up boy, and later as a paper-stuffer in our back shop. The family is a good family. The mother remarked sadly that her boy was a victim of circumstances. She said that for all the training parents could give their children, the laws are so weak that trouble is invited.

**As if it were an answer to her plea, a new and stricter curfew law was invoked for the unincorporated areas of the county by the county board of supervisors the same week...**

The new ordinance continues the ban on juveniles under 18 being outside their own homes after 11 p.m. but, for the first time, makes the youngsters subject to arrest. Previously, only parents were liable.

**The ordinance, to go into effect in 30 days, was requested by Sheriff Elmer Jansen. The penalty is the same - a maximum of 30 days in jail and a $100 fine, but now it places liability on juvenile as well as parent. Previously, the courts handled the youngsters and then invoked a penalty against the parents. Facing a penalty themselves, youngsters may now perform with more restraint.**

Exemptions are the same as under the old law. Young-

## Co. Road Budget Up $1 Million

SAN DIEGO (CNS)—A preliminary budget of $7,609,890, up one million dollars over the present budget, was submitted to the County Board of Supervisors Monday by David K. Speer, county road commissioner. Nearly all the increase is for maintenance and purchase of rights of way.

Speer estimated an income from gas tax at $4,600,000 and fines and forfeitures at $617,100. Practically all the revenue comes from gas taxes and fines.

Some of the expenditures will be local. Sweetwater rd. is scheduled to get $272,400 worth of realignment. In all, the L.G.-S.V. area will get $502,985 worth of improvements.

## Variances Granted Three In Area

SAN DIEGO (CNS)—Henry A. Medina was granted permission by the planning commission last week to reduce the setback on his property at 8416 Broadway, L.G. from five to 1½ feet.

Bill E. Bryant, a L.G. barber, was refused permission to operate a barber shop in his residence as a "home occupation."

Ralph O. Smith gained approval of a variance for his property at Hillside and Helix st., S. V. despite protests of eight residents. Reduction from ten approximately seven feet distance from property lines was granted.

James A. Holcomb of 3340 San Carlos dr., S.V. won approval for a five foot variance in the set-back of his patio which is already built.

Planning commissioners delayed a decision on a rest home for 20 persons at 2536 Hardy dr., L.G. The applicant is John Corryell. Protestants are W. F. Rady and Mrs. C. J. Mehlberger. A more detailed plan is required of Corryell, the Commission indicated.

**SUMMER SCHEDULE SET FOR HIGH SCHOOL**

Additional learning opportunities for Grossmont Union High School District students during the summer session were approved by the Board of Trustees on Monday evening. A seven-week summer term beginning June 18 and ending August 3 will provide opportunities for enrichment, exploration, and remedial instruction. Students are able to take required subjects during summer school thereby freeing the regular school schedule for additional courses needed for improving educational achievement and preparation for college.

## 9 Vehicles Involved In Broadway-Grove Crash

Nine motor vehicles were damaged Wednesday before noon when a truck traveling west on Broadway struck a passenger car passing it on the right. The truck was attempting to turn right into Grove st.

The truck was driven by A. J. Hensley of El Cajon. The passenger car was driven by Hebert E. Hunt, 82 years old, also of El Cajon. The Hunt auto swerved out of control and struck five motorcycles at Sun and Fun at the Broadway-Grove sts. corner. It then piled into a parked car belonging to Fannie Gomez, 28, of 2228 Alton pl., L.G. Mrs. Gomez' car contained three passengers, all girls. They were Sandra Jean, 11, Sylvia Gomez, 4, and Patricia Edmonson, 20. They were taken to Grossmont hospital for examination.

The Hunt car also struck a car driven by Bobby Hartley, 33, address not given, who was taken to Hillside hospital with possible multiple fractures.

Mrs. Hunt was riding with her husband. Mr. Hunt is a retired minister.

## Sarah Betts To File For Assembly

A Lemon Grove woman, the mother of six children had tossed her chapeau into the political ring this week, she said.

The woman, Sarah Betts, of 8145 Palm st., said she would file as a Democrat candidate for an assembly seat in the 77th Assembly district.

Mrs. Betts, 37, former wife of State Treasurer Bert Betts, spent 2½ years in Sacramento as wife of the treasurer, and she said her capitol contacts would be important to the people of this district, if she were elected. She said Tuesday she would file before the March 30 deadline but set no specific time.

All six of her children are in school. She is employed as a secretary at Wittman Engineering at 925 W. Main st., El Cajon.

## Jim Bear Quits Race In 77th

Jim Bear, National City-Spring Valley attorney who was a Democrat candidate for the 77th Assembly district has withdrawn from the race.

He told a meeting of the Democratic Citizens for Jim Bear Monday night at a meeting at Gaetanos in S.V. of his plans.

"In spite of public opinion polls showing I was the choice candidate, I am withdrawing in the interest of party unity."

He did not describe potential party disunity nor did he offer to lend his support to any other candidate. He said he would remain active in politics but would devote more time to his law practice in S.V. and N.C.

## L.G. Real Estate Broker Dies Here

**GROVANS CAN HELP BRING THE GREENSPOT PARK HERE SOONER**

**People in Lemon Grove can help to bring a park to this community. Already okayed by the San Diego County Planning Commission is the Greenspot Park of six acres at the Washington st. and Alton dr. intersection.**

At the Mar. 19 meeting, the Lemon Grove Coordinating Council recommended that Grovans write to:

San Diego County Dept. Of Parks And Recreation
Civic Center, Room 204
San Diego 1, Cal.

**The Council said the letter doesn't need to be long and should mainly be an inquiry as to the progress of the park for Lemon Grove.**

The writing of a brief letter to Gardner seems, indeed, to be an easy way to bring something to the community that can be enjoyed by all. There is probably nothing else in the offing for Lemon Grove which can beautify the area as much.

**The green lawns, shady trees and recreational facilities can be a reality much sooner if Grovans will write a letter to Gardner. Nothing makes things happen sooner than public demand.**

**"The President was so near I could have touched him," Mrs. Kale said. She described the church scene as one of quiet drama.**

The priest, seeming not to be sure of how to handle the situation, announced that President Kennedy was present in the church and then blushed like a schoolboy, Mrs. Kale said.

She said that secret service men sat on either side of Kennedy during church.

Dear Editor:

After reading Elaine Horowitz column March 22, I felt I must reply. I believe the right is mine even though no name was mentioned in her column the name of Jackson was inferred in-as-much as the letter asking the resignation was signed by Mrs. Jackson.

I reply not with the intention of straightening the record but to somewhat clarify it. Miss Horowitz was referring to a letter, submitted by "Tax Payers United," to another newspaper - said letter requesting the resignation of Mr. Peters and Mrs. Burnett. There was nothing but praise connected with these two names. Our letter was objective. Columnist Horowitz statement "we should be thankful there are two stout hearts on the board" implies the other three are weak sisters. On the contrary, they have the courage of their convictions and will not be swayed by either a domineering public or administration. Miss Horowitz further states she spoke with several members of Tax Payers United. After personally conversing with the other seventeen I can firmly state that none of them were interviewed by any newspaper reporter.

Though seriously jaundiced, Columnist Horowitz did oblige me with an interview. However biased a reporter may be, the truth should prevail, false editorializing will not. As the only member interviewed I am bound to refute the untruths and half truths listed in her column. I did say I would rather not make public our president's name as we had not elected anyone permanently. Concerning the ignorance on the alternate school sites for La Presa No. 3. - I said I did not know the actual dollar value of the alternate sites. If Miss Horowitz knows these prices she is in possession of information none of the so called 'board watchers' have. Another quote, "nor have they attended any previous board meetings" is untrue. Many witnesses can be produced to substantiate my presence at these meetings. The next statement "nor do they have any children in school" apparently is supposed to imply that because I have no children I cannot be interested in the welfare of our community nor should it concern me how the tax dollar is spent. I take issue with this implication by the fact that I do realize it is beneficial for the country as a whole for every child to have not just an adequate education but an excellent education, and by the fact that having no children my tax dollar is spent with the expectation of educating other peoples children. I think most would agree this gives me every right to be concerned about representation of my tax moneys. Furthermore neither Mr. Peters or Mrs. Burnett have any children in school. Would Miss Horowitz deny them the right to sit on the school board because of this?

As far as not knowing what we are for or against? With or without children our members are not against anything. We are for better education through conscientious, thrifty management of the tax dollar. This was also explained in the interview. This should be sufficient motive for organizing.

My wish is not to embarrass Miss Horowitz. It is to rectify any injustice which may have been done to Mrs. Jackson or myself by the insinuations of the Horowitz column. I hope this letter will do so.

Sincerely,
Frank Jackson

Dear Editor:

In answer to Rosarie Graham's letter of March 21, may I also express one woman's opinion about the "California Committee to Combat Communism?"

R. G. writes that the summary is only one page whereas the actual Initiative is six pages. This is all very true. At the top of each petition is a summary compiled by the Attorney General's office in Sacramento and to the best of my knowledge is a compilation of all the important points contained in the Initiative. There is also a one page Index Summary compiled by the CCCC which again, to the best of my knowledge, is a compilation of all the important points contained in the Initiative.

R. G. writes that if the Initiative is passed it can only be removed by passage of the same type of Initiative. Again this is all very true, BUT if the Initiative is passed it means that the majority of voters approve the passage of such a measure.

R. G. watched 5 persons sign the petition in the bank without reading either summary or petition. EXCELLENT! The CCCC has had very good publicity and I find that when I am circulating my petition most signers are already well informed and know exactly what they are signing. Those who are not informed read the summary and/or the Initiative Measure and I have yet to have my petition signed by a voter who did not know what he was signing.

I also am against Communism and Facism, and I am against ignorance too. I urge my community to read the reread and I feel certain that they will come to the same conclusion as I, that the passage of the Louis Francis Amendment is a definite step toward controlling subversive activity in the State of California.

Sincerely,
Elizabeth V. Obertreis

Dear Editor:

May I also express a woman's opinion about the petition which the "California Committee to Combat Communism" is now circulating for signatures?

Last week you printed a letter from a woman who complained that the summary of the petition was only one page while the petition was six pages. The summary which I read was made by the Attorney General of this state. My dictionary lists summary as: giving the substance or sum; greatly condensed; concise. Heaven protect us from the day when any summary of a six page measure must be of equal length. As everyone who is informed about issues before the voters knows, summaries accompany sample ballots for the benefit of the voter who wishes his reading to be greatly condensed.

However, it has been the policy of the committee to inform the public that no one expects an alert American to sign his name without making a thorough check. Signers are urged to read with care before signing.

I have been aware of this petition for a month. It has had radio, television, and newspaper coverage and explanation. I am quite familiar with its contents. So it is no shock for me to see people who are well informed step up and sign this petition without having to publicly read the summary, much less the entire three pages which contain the amendment and the two which are reserved for signatures.

The writer asked whether it might not be considered unlawful for anyone to circulate a petition to remove this one in the event this one passes and is later found to be unacceptable. The right to circulate a petition is a constitutional right and can indeed be done if she so wishes.

Enough signatures for this petition to combat communism means that it will be placed before all of the voters of the state on the November ballot. I have every confidence there will be full discussion pro and con about this amendment before election day.

Like the writer, I, too, am against Communism and Fascism. Because I am also against ignorance, I would like to urge everyone to open his eyes and ears to what is being written and said concerning the Communist conspiracy which is going on around us today. People who know the threat of Communism to our community are constantly asking, "What can I do?" I suggest they sign this petition as the first step toward legal containment of the worst threat this great state has ever known.

## Foreign Aid Called 'Raz-Ma-Taz'

**C. C. Moseley, who operates out of the Grand Central Industrial Center at Glendale, Calif. is a regular contributor to newspaper columns. His most recent emanation is very direct. He says:**

"There is a big State Department sponsored propaganda hoop-la concerning our country's great victory in the OAS in excluding Communist Cuba from participation in the inter-American political system. Obscured by all this disgusting "raz-ma-taz" is the glaring failure of trying to buy friends with money - Foreign Aid! This was two-thirds of all our $3.4 billion Foreign Aid "giveaway" to the Latin American countries!

**"The six 'friendly' countries that received all the big red apples and then threw the cores back at us: Argentina, Bolivia, Brazil, Chile, Ecuador and Mexico. Brazil, our principal objector, received the most from us - $974 million!**

"What will you bet that these six deserters don't continue getting more of your dollars and mine in 'massive' Foreign Aid?

**"If this makes you mad (or happy) why not write to your Congressional representatives and to the State Department?**

Yours Very Truly

## Mrs. Donohue, Choral Director, Retires

The Grossmont Union High School District board of trustees received a shock on Monday evening when a letter announcing retirement was received from Mrs. Merle C. Donohue who has served as director of choral music at Grossmont High School for many years. Her groups have consistently earned superior ratings by judges and acclaim by the patrons of the school.

A resolution of appreciation to Mrs. Donohue for her outstanding service to the youth of the Grossmont District was enthusiastically approved by the Board of Trustees. Mrs. Donohue did not announce her plans following retirement in June, but indicated she would still maintain a close interest in the music program in Grossmont District schools and at Grossmont High School in particular.

Administrators pointed out that Mrs. Donohue's contributions to the choral groups and the Grossmont Christmas Pageant had been responsible for establishment of the Grossmont tradition for high standards of performance of its musical groups.

## L.G. Schools Eye New Dist. Warehouse

The L.G. school district will explore the possibilities of moving its warehouse facilities from the old, condemned school building at School Lane and Lincoln to a new building, to be built at some future date, at the education center. Kempf and Lincoln. A preliminary study was ordered by the board of trustees Monday night at the regular board meeting.

A delegation asked the board to consider the initiative measure on communism which the sponsors are attempting to get on the ballot as a Constitutional Amendment. The board took the request under study after hearing one of the delegates speak and promised to arrive at a decision by the meeting on April 23.

The disagreement between the district and the Bender contracting firm regarding Mt. Vernon school is being resolved. Paving, which the contractor said was not part of the specifications, will be installed by Bender and construction payments will then be made.

In other activity, the board agreed to re-employ the audit firm of P. R. Sterrenburg for the mandatory annual audit.

## $200 BLAZE OCCURS AT SUNKIST INN

Firemen had to cut into the wall of the Sunkist Inn to put out a fire caused by a short at about 10:30 p.m. March 20.

Capt. Mark Foote of the Lemon Grove Fire Department said the fire started when the neon sign on the roof developed a short. Firemen cut into the wall to get at "hot wire." Damage from the blaze amounted to $200.

Sparks from an illegal burning barrel next door set fire to a trailer awning at 7566 Lemon ave., space 2, home of Alphia Dicks. Damage was $100.

Hot ashes from the fireplace, which were put in a cardboard box in the garage caused a small fire on March 20 at approximately 6:30 p.m. at the home of H. L. Crowley of 2016 Dayton dr.

## Tonsilectomies Come In Bunches

An auditor's thinking relating to mass production resulted in the loss of four sets of tonsils in one L.G. family on one day earlier this month.

Cecil Anderson Sr., operator of an auditing firm in Lemon Grove surveying the health needs of his family found that each of his four sons needed to have a tonsilectomy.

So he bundled up Cecil Jr., 7, Gerard, 6, Gordon, 5, and Jeffery, 4, and took them to Dr. Harold Carter, a nose and throat specialist, on College ave., and before you could say "snip-snip-snip-snip" the tonsils were out.

## GOD'S MINUTE

REV. H. C. BAKKEN

**LENT**

The Disciples did not find Jesus' instruction concerning His death something which they welcomed. Death did not fit into the plan as they saw it. They thought of an earthly kingdom and the good times which they would have as the world Empire. Is it not true that we too become more concerned with earthly things than with heavenly things?

The power and permanance of the Word of God will be stressed at all Christian Science services Sunday in a Lesson-Sermon on the subject of "Reality."

He continues, "He brought them out of darkness and the shadow of death, and brake their bands in sunder. . . . He sent his word, and healed them, and delivered them from their destructions" (107:8, 14, 20).

Mary Baker Eddy declares in "Science and Health with Key to the Scriptures." "Reality is spiritual, harmonious, immutable, immortal, divine, eternal. Nothing unspiritual can be real, harmonious, or eternal." "Divine Science, the Word of God, saith to the darkness upon the face of error, 'God is All-in-all,' and the light of ever-present Love illumines the universe." (pp 335, 503).

The Golden Text is from Isaiah (40:8), "The grass withereth, the flower fadeth: but the word of our God shall stand for ever."

Each student has been asked to donate a nickel a month to the club, which is Miguel's chapter of the American Field Service.

The Matador exchange student, Ray Whitmus left for a year in an Argentina high school on Mar. 2 with a big send-off from faculty and students.

## Breitbard Athletic Foundation Names All-League Players

Dick Baker, Grossmont high's basketball scoring star, who averaged 19.6 points per game for the season, was named Player of the Year to top selections of the 1962 All-Grossmont League basketball team, it was announced by the Breitbard Athletic Foundation.

## State Overpay Possible Says Dept. Employment

If you worked for two or more employers last year, too much may have been deducted from your pay check for disability insurance. If so, you are entitled to a refund from the Department of Employment of anything over $36 deducted for that purpose, but you must claim it before June 30.

Under state law an employer was required to withhold one per cent of the first $3,600 paid in wages to each worker during 1961, but that in cases where an employe worked for two or more employers during the year, more than the $36 maximum may have been deducted from his wages for disability insurance.

This money was paid in by the employer to the state or to a voluntary insurance plan carrier to pay for temporary disability insurance coverage against non-occupational illness or injury.

More than 227,000 Californians applied for such refunds last year and were paid a total of $4,416,742 in checks averaging $19.43. The excess payment can be refunded only if the worker applies for it on a form obtainable at any local office of the Department of Employment.

The amount paid in such refunds is likely to be less in future years since the disability insurance tax limit on wages has been raised from $3,600 to $4,100 for calendar year 1962.

### CASADY SPEAKS TO TEACHERS ASSOCIATION

Si Casady, El Cajon editor and publisher, expressed his views on contemporary education at a meeting of the La Mesa-Spring Valley Teachers Assn., March 19. He expressed concern over the emphasis on scientific facts instead of scientific thinking. He also questioned whether extensive and frequent textbook revisions were necessary for good education. He cautioned education against the development of a hierarchy of authority which would restrict teacher initiative. Casady advised educators to aggressively withstand attacks by opponents who mistake tolerance for feelings of guilt. He described teachers as the first line of defense against both alien and internal aggression.

*News of Spring Valley Estates, Mt. Miguel Terrace and La Presa*

by Elaine Horowitz HO 3-5393

Petitions are being circulated which ask that an amendment to our State's Constitution be put on the November ballot. It is the Louis Francis amendment.

Few will question a friend or neighbor when asked by them to sign a petition. When told that by signing you'll help rid the state of subversives, most of us would sign. Some feel they should learn more about it, but fear that by refusing to sign, they may be branded a 'commie.'

The communist threat must be stamped out. Will this amendment do it, or will it pave the way for an even greater menace to our country? Are our legislators subversive because they would not approve this amendment, or does it mean there is more here than meets the eye? Why have California teachers been singled out as those whose inalienable rights should be taken from? Doesn't it stand to reason that by trying to scare off our educators, they are working for, not against subversion?

Be sure you have the answers to these questions after reading the complete amendment. Then decide whether you'll give your seal of approval by signing the petition.

**CANDIDATES FOR FIRE COMMISSIONER**

Roland Pair and Jack Tarantino will be on the April 2 ballot for Spring Valley Fire Commissioner.

Roland is a plastering contractor, belongs to the Lathers and Plasterers Union, Spring Valley's Baptist Church and Chamber of Commerce, and was recently elected president of the Spring Valley Democrats club. Pair feels that he can serve his community as a Fire Commissioner. He wants to see more fire hydrants in Spring Valley, and to find a way to bring fire insurance rates down.

Jack is vice president of the Cannery Workers and Fisherman's Union. Living near Fire Station 3, he is familiar with the men who work there, and satisfied with the way the district is run. Tarantino feels that South Spring Valley should be represented on the Board of Commissioners, and for this reason decided to run.

## 1961 Year Of Growth For Pacific Telephone; $2.7 Billion Expended

A record construction program and a wide range of service improvements and technical advances helped make 1961 a year of substantial growth for the Bell System, the American Telephone and Telegraph Company said in its annual report. The Bell System spent $2.7 billion on construction in 1961.

The report went to some 2,050,000 share owners. It showed 1961 earnings were equal to $5.52 per AT&T share against $5.53 in 1960. Quarterly dividends were increased from 82½ cents to 90 cents a share, effective with the July, 1961 dividend.

"Earnings have supported the increased dividend," said Frederick R. Kappel, chairman of the board of AT&T. "We have made improvements in service. Technical advances have continued to increase the efficiency, versatility and reliability of Bell System plant, both for everyday use and in readiness for emergency."

## Nurses Training Classes To Open

**ADVERTISEMENT**
**SMOG DEVICES**

**As most California residents know a move is being pushed to make all car owners install a smog device. The cost will vary from about $75.00 on new cars to as much as several hundred for older models. As stated it would need regular servicing during the season because the chemicals would not meet requirements for any great length of time. It would create considerable heat and require very, very, expensive metals or it would burn out and need regular replacement. It could cost, perhaps, several times the initial cost per year to meet tests, besides the question of it making your car inside as uncomfortable as though one had the car heater on full blast.**

**I believe the average car owner, as I do, pays enough taxes on his car—10c per gallon gasoline tax, registration fee, upkeep in general. Now the main reason for this smog device effort is that the Los Angeles area suffers from smog. I am sorry for those people but I believe it unjust to saddle the whole state with this unfair measure. My own belief is that smog devices should be installed on tankers and trucks using diesel fuel and more control be taken over oil refineries. Most of the smog in Los Angeles comes from these sources. If other parts of the state have some smog it stems from the many tankers and trucks operating out of Los Angeles. There is also the question of oil-burning ships in the harbor. My own belief is that very little comes from the use of passenger cars.**

**It behooves every car owner to get busy and contact his assemblyman and let him know his views. This could well be a multi-billion dollar business. Lobbyists will have much money to use to influence votes for this device and you will have to pay the bill. It is time for each and every one of us to unite to protect ourselves now. You can do this by taking action before it is too late.**

# Swedish Girl, Turkish Boy -- Mt. Miguel Exchange Students -- To Depart In June, Make U.S. Tour Before Going Home

Two American Field Service exchange students at Mt. Miguel high school will be departing for their native lands this June after a year in the U. S. Before returning home, Lilian Weiss, 17 of Lodose, Sweden and Sonmez Ozuorek, 17 of Izmar, Turkey will make a month's tour of the United States with over 2,000 other exchange students.

Lilian Weiss has parents and one brother back in Sweden. Her father is a textile engineer. She came to America by ocean liner and landed in New York in August of 1961. In her group were 850 other exchange students, representing 16 nations. She spent three days in New York taking in the sights but her heart was in getting to California and to her new school and "adopted family." Her "new family," the folks whom the American Field Service chose for Miss Weiss are Mr. and Mrs. Glenn E. Munyon, 3235 Kenora dr., Spring Valley. They have two children, one a senior at Mt. Miguel and one a seventh grader at Spring Valley junior high school.

**SWEDES LIKE HOT-RODS**

Asked about youth activities in Sweden, Miss Weiss said young Swedes go in for hot-rods, hot dogs, cokes and dances. They love American music, she said, especially rock 'n' roll. Youngsters in Sweden are not issued drivers licenses until they are 18.

Miss Weiss will take a premed course, with tuition being paid by city and government. She hopes to come back to California some day and wants her adopted American family, the Munyons to visit her in Sweden.

Sonmez Ozuorek, whose home is on the coast of the Aegean Sea has parents, a brother and a sister there. His mother and father are teachers. He arrived in New York by plane in July of 1961. In his group were about 100 Turkish youth. Sonmez spent five days in the metropolis. He said it's a wonderful place to visit. He anticipated getting to the West Coast, he said.

While attending Mt. Miguel high school, he has been living with his "adopted family," Mr. and Mrs. James Poschman and their two sons, 1447 Taft st., Monterey Heights. He refers to them as "my father, mother and two brothers." One "brother" attends Mt. Miguel and the other, Monterey Heights elementary school.

**DIPLOMAT-TO-BE**

Sonmez intends to go on to college and become an official in the field of diplomatic relations. When he turns 20, he will likely have to serve in the Army as that is the Turkish law. He said because he is a college man he will be eligible for rank of lieutenant.

Young Ozuorek said he is intrigued with school bands in Amreican schools and that they have none in Turkey. Asked about Turkish women wearing face veils, Ozuorek said that custom became outmoded 100 years ago.

Youth in Turkey spend their sparetime very much as those in the U. S. do, the exchange student replied. Somnez said there are no hot-rodders in his country. He said a person must be 18 before he can drive.

Most American girls are quite pretty and not too forward, he said. But many of them, like Turkish women, use too much makeup, he feels.

Sonmez Ozuorek said he hopes to return to California some day and once again see his adopted family which has made his visit such a wonderful event. Both he and Miss Weiss had nothing but praise for Mt. Miguel high school and American Field Service. They hope the A.F.S. will someday get behind the Iron Curtain with their program.

**STUDENT VISITORS — Lilian Weiss of Sweden and Somnez Ozuorek of Turkey will leave Spring Valley and Lemon Grove at the close of this Spring semester. With other exchange students who are completing a year of high school study in the U. S., they will make a tour of this country before returning to their native lands to tell what they did and saw in America. They've been attending Mt. Miguel.**

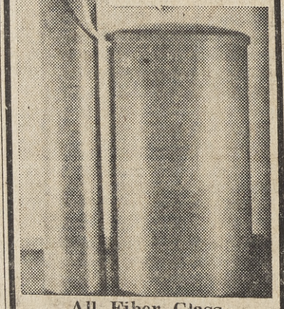

Aphis eggs laid last fall in the crevices of your plants and over the surface of the soil under the plants, are ready to hatch with the first warm days of spring; the eggs of red spiders and mites, and the over-wintering menace of thrips are there also; as well as the spores of such fungus diseases as black spot, mildew and rust.

That is the reason why it is important to give your entire garden (with the exception of any plant in bud or blossom, such as Camellias and Azaleas) a clean-up spray with a lime-sulphur-oil emulsion at this time. The lime-sulphur will stop fungus diseases, and the oil emulsion will destroy the insects which spread diseases over the plants. This material comes complete in one bottle. It is not only a dormant spray but can be used during the entire spring because of the fact that the lime sulphur is bonded in oil, creating a smooth emulsion that will not burn young tender foliage.

## Social Security Question Box

**QUESTION: Mr. K. G. of Spring Valley sends this question about Social Security farm coverage. I have been operating a ranch for over 20 years but up until 1955, my earnings were not covered by Social Security. Does this mean I will get a lower benefit when I retire?**

ANSWER: No. The Social Security Act provides for a drop-out of your lowest five years of earnings before your benefit is computed. Furthermore, the period of time used to figure your average earnings for your benefit is from 1951 up to the year you become 65. Therefore the four years from 1951 through 1954 when you were not covered will all be dropped out and one additional low year after 1955 will be dropped. This five year drop out came about because several groups of workers such as the farmers were not covered until 1955 and would have a lower benefit amount without it.

There is another provision to help protect the farmer's benefit. A farmer has the option of reporting two-thirds of his gross income if the gross is over $600 and under $1800 or $1200 if the gross is over $1800, even though his net income is less than $400. This is known as the optional method of reporting and almost insures most farmers of a good Social Security benefit even when they have a poor year.

**QUESTION: Mrs. A. M. of Lemon Grove would like further information about her benefits. She states—I am a widow with two minor children. These children and myself receive benefits on my husband's account. I am planning to remarry but someone told me that if I did this, I and my children would lose all of our benefits. Is this true?**

ANSWER: Your own benefits would end the month before the month you remarry and could not be paid again unless this marriage was annulled in a certain way. Your children's benefits, however, will continue until they are 18. In fact, even if the children were adopted by their stepfather, their benefits would continue. You should notify the Social Security office promptly when you remarry and let them know your new name and address. By doing this, you will avoid having to return any of your own benefits that might be incorrectly sent and you would have your new name placed on your children's checks so that they could be cashed easily.

If you have any questions about your Social Security, send them to this paper. Each question will be answered and the most interesting ones will be used in this column.
